SOLID WASTE FACILITY PERMIT			
06-AA-002		DATE	
PROPOSED		SSWMB APPROVAL	
ENFORCEMENT AGENCY APPROVAL			

ENFORCEMENT AGENCY	COUNTY
Colusa County Health Department	Colusa
FACILITY NAME	
Stonyford Site Solid Waste Site II	
OPERATOR	
Barney Cook contractor for Colusa Co. Dept. of Public Works	
FACILITY LOCATION	
Ladoga/Stonyford Road - 1 mile south	

FINDINGS:

- (1.) This facility is an existing 49 acre Class II-1 sanitary landfill. This facility began site operations in June, 1973. Site life expectancy is 40 years. The area method of landfill operation is utilized. This facility is located at T18N-RGW-Sect.33 M.D.B.&M. An average of less than one ton of wastes are received at this site daily. Types of wastes received at the site include:
  - (a.) Residential, Commercial
  - (b.) Septic Tank, Cesspool pumpings \*(See page 3)

No salvage operations are conducted at this site. The site is operated from 8 AM to 4 PM - 5 days a week. The design and operation of this facility (as it existed before August 15, 1977,) are as described in the Report of Disposal Site Information dated September 29, 1978 and its supporting documents which are hereby made a part of this permit.
- (2.) No changes in design or operation of this facility, except as authorized by this permit, are anticipated in the next five years.
- (3.) The following documents condition the design and operation of this facility:
  - (a.) California Regional Water Quality Control Board, Central Valley Region: Waste Discharge Requirements No. 73-18.
  - (b.) Colusa County land use permit No. 6-7-71 (Page 170 of the Planning Commission Meeting Minutes.)
- (4.) Land within 1000 feet of this facility is zoned General Agriculture.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.

ENFORCEMENT AGENCY

- (5.) This facility's current operations are in compliance with the State Minimum Standards for Solid Waste Handling and Disposal.
- (6.) This facility is consistent with the latest version of the Colusa County Solid Waste Management Plan.
- (7.) This permit is consistent with the latest version of the Colusa County Solid Waste Management Plan and is also consistent with the State Minimum Standards for Solid Waste Handling and Disposal.

CONDITIONS:

Requirements:

- (1.) The design and operation of this facility must comply with all of the State Minimum Standards for Solid Waste Handling and Disposal.
- (2.) The design and operation of this facility must comply with all federal, state, and local requirements and enactments.
- (3.) Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

PROHIBITIONS:

The following actions are prohibited at the facility:

- (1.) Open burning
- (2.) Scavenging

SPECIFICATIONS:

No significant change in design or operation from that described in Items #1 and #2 of the FINDINGS section is allowed, except for those changes which are required under the CONDITIONS portion of the permit.

PROVISIONS:

- (1.) The following provisions must be met:
  - (a.) Rodent control program
  - (b.) Cover per Local Enforcement Officer's Requirements
- (2.) This permit is subject to review by the enforcement agency, and may be suspended, revoked, or modified at any time for sufficient cause.

## SELF MONITORING PROGRAM:

The following items shall be monitored by the operator of this facility or his agent. Records including but not limited to these items shall be kept and made available to the enforcement agency upon request:

- (1.) Type of material being received
- (2.) Direct disposal of septic tank pumpings

\* Amended permit to eliminate pesticide containers and well drilling muds from this permit.
